

PARTNERSHIP PROFILE FORM

(PROJECT SEARCH)

Coordinator Contact Data

Organisation Name: MONDRAGON ASSEMBLY S.COOP

Type of organisation Factory

Organisation Size SME

General Activity Machinery developper for process automation

Contact Person: Aitor Apraiz

E-Mail: a.apraiz@koniker.coop

Telephone: 943039362

Address: Poligono Baintxe 5A, 20550, Aretxaabaleta
Spain

Country:

Website: www.mondragon-assembly.com

Type of entity:

☐ Research Center

☒ SME

☐ Big Company

☐ R&D Institution

☐ University

☐ Other

Company Expertise

Entity experience on participation in R&D European, national or regional projects

Experience on VI Program as partner, CENIT program, Singular Estratégico and Gaitek regional programs

Added value (of having your organisation as Project Partner)

Mondragon Assembly offers deep knowledge on special machine developping for innovative production processes in photovoltaic sector (laser scribing for thin film, ink-jet, edge isolation, laser firing, nitride ablation, sun simulator and electroluminiscen). Mondragon Assembly can build a very specific prototype in order to validate some new process.

Other information:

Mondragon Assembly is already a relevant supplier of turn-key production lines for module assembly facilities. We are also involved in specific parts of cell production lines on crystalline silicon. Mondragon Assembly is also already manufacturing machinery for thin film sector (amorphous silicon and CIS).

We would be interested in developing new machinery for Mondragon Assembly (organic cells or CPV) but also in crystalline or thin film. Roll to roll machinery for organic solar cells or laser machinery for new cell concepts is our main interest.

You give consent to the UII en Energía to make this information public in order of getting a better diffusion of your COMPANY PROFILE ☒ Yes ☐ No
